

**Annual Policy Notification in accordance with
Federal Drug-Free Schools and Communities Act Regulations [EDGAR Part 86]
March- Spring 2022**

INTRODUCTION

As a requirement of the Federal Drug-Free Schools and Communities Act Regulations [EDGAR Part 86], The University of Virginia's College at Wise (UVA Wise) will disseminate the below policy/information to all students and employees on a semiannual basis. This process is formally conducted by disseminating an email to the entire campus community after the final "add" date for fall and spring classes. Questions concerning the policy and/or alcohol and other drug programs, interventions and policies may be directed to Tabitha Smith in the Office for Diversity, Equity & Inclusion at 276-328-0131 or DEI@uvawise.edu

POLICIES & EXPECTATIONS

ALCOHOL POLICY

The College hopes the Alcohol Policy will encourage students to make responsible decisions about the use of alcoholic beverages. The policy is intended to promote safe, legal and healthy decisions related to alcohol and social interaction. We recognize that our students are responsible adults and believe that students should behave in a manner that is not disruptive or endangering to themselves or others and is following state and local laws regarding the possession, consumption, sale, and delivery of alcohol.

UVA Wise does not encourage the use of alcoholic beverages and does not condone the illegal or otherwise irresponsible use of alcohol. In accordance with State and Federal law, the College prohibits the unlawful possession, sale, use or distribution of alcohol on College property or at College-sponsored functions. UVA Wise Campus Police has primary responsibility for the enforcement of State underage drinking laws.

All members of the College community are expected to know and act in accordance with Virginia State laws concerning the purchase, possession, consumption, sales and storage of alcoholic beverages. In this connection, members of the College community are reminded of the following:

1. Any sale of an alcoholic beverage requires an ABC license.
2. Alcoholic beverages are not to be given or sold to persons who are under the legal drinking age, which is 21 years of age.
3. Alcoholic beverages are not to be given or sold to persons who are intoxicated.
4. State law prohibits drinking in unlicensed public places; possession of an alcoholic beverage by a person under the legal drinking age; falsely representing one's age for the purpose of procuring alcohol; and purchasing an alcoholic beverage for a person who is under the legal drinking age. Violations of state alcohol laws are criminal misdemeanors punishable by fines of up to \$2,500, imprisonment for up to 12 months, and suspension of driver's license

5. All persons on College property consuming or possessing alcohol must carry a valid driver's license or state identification card, military identification card, or passport. In addition, students must carry their CAVS ID Card at all times.
6. Being under the influence of any amount of alcohol while underage is considered a violation of the alcohol policy.
7. Unsafe or irresponsible behavior is defined as actions that are harmful or potentially harmful to one's self or others involving the use of alcohol. Unsafe behavior includes, but is not limited to, consuming through beer bongs, participating in or facilitating drinking games or progressive parties, taking shots of liquor, or consuming an excessive quantity in a short amount of time. Irresponsible behavior includes, but is not limited to, the use or attempted use of fraudulent identification in order to obtain alcohol or making alcohol available to underage drinkers.
8. It shall be a violation of the alcohol policy to engage in an action while under the influence of alcohol that is disruptive to the community. Such behavior includes, but is not limited to, vomiting in public, public urination, fighting, exhibiting disorderly conduct, damaging property, throwing bottles, blocking or lying across or otherwise preventing or interfering with access to or passage across an entryway or thoroughfare, or cursing or shouting at others.
9. In the residence halls, alcohol is only allowed in the rooms of legal age residents in facilities that have not been designated alcohol-free. It is the responsibility of those residents who are of age to ensure that underage drinking does not occur in their room or apartment.
10. The use of alcoholic beverages as a prize in a contest, drawing, lottery, etc., is prohibited.
11. The use of alcoholic beverages in games (e.g., quarters, drink-offs, "beer pong," etc.) is prohibited.
12. Only university-approved bartenders are permitted to distribute alcohol on campus, including alcohol from common-source containers.
13. Except at events in a licensed facility providing a cash bar, no spirituous liquor or fortified wines may be served to undergraduates.
14. Alcohol may not be brought in glass containers to BYOB events that require registration by submission of an Event Planning Form.
15. The College recognizes the value of group-sponsored social events. Groups are permitted to hold open or closed (by invitation only or through the use of guest lists) social events. Groups or individual group members may be held accountable for underage possession, unsafe or irresponsible behavior and/or violations of the risk management policy that occur during a group-sponsored event.
16. All club or organization events without alcohol require completion of the General Events Planning Form, and those events with alcohol require completion of the Alcohol Event Planning Form. The appropriate form must be submitted to the Office of Student Leadership and Greek Life at least seven (7) days prior to the event. The event cannot move forward or be held until approval is granted. *See the appropriate planning form for specifics.*

Any member of the College community who violates state alcohol control laws is subject to prosecution.

UVA Wise assumes no responsibility for any liability incurred at any event not sponsored by the College where alcohol is served and/or sold. Students and recognized student organizations are always expected to conduct themselves in accordance with the laws of the Commonwealth of Virginia and to assume full responsibility for their activities and events. *See Student Conduct Sanctions in the Student Code of Conduct.*

Areas of Emphasis

1. The Chancellor and his/her designee approve all public areas on the campus of The University of Virginia's College at Wise where alcoholic beverages may be provided.
2. College funds may not be used for the illegal purchase of alcoholic beverages.
3. Alcoholic beverages purchased with College funds may be used only in compliance with State law.
4. Alcoholic beverages should not be served at any function or event sponsored by the College or held on College-owned or leased property without the permission of the Chancellor or his/her designee. Requests for permission must be made in advance to the Chancellor or his/her designee.
5. Non-alcoholic beverages and food items should be present at the College-sponsored events where alcoholic beverages are served.
6. Alcoholic beverages should not be mentioned in the advertising or publicizing of a College-sponsored event.
7. Organizations serving alcohol at College-sponsored events should not permit the entry or exit of persons with beverage containers.
8. Organizations must check for proper age identification of individuals attending events when alcohol is served. Organizations must submit an Alcohol Event Planning Form for approval at least seven (7) days before an event. The event cannot move forward or be held until approval is granted. *See the appropriate planning form for specifics.*
9. A student may not let another person use his/her student ID for the purpose of obtaining an alcoholic beverage.
10. Dining Services is the only organization eligible to obtain an ABC license for the purpose of selling alcoholic beverages on campus.
11. Any organization, as well as its leadership, sponsoring an event at the College will be responsible for following all State laws relative to the serving and/or selling of alcoholic beverages.
12. Members of the College community living on property owned or leased by the College, and their invited guests, who are lawfully permitted to purchase, possess and consume alcohol, may do so in the residence or on any immediately adjacent area devoted to residential use. They should not do so, however, in public places or in any area owned by the College which is devoted to common use. Public areas include, but are not limited to, hallways, lounges, patios or parking lots. The presence of underage family members, employees or guests does not preclude the serving of alcohol in College-owned or leased housing provided an appropriate of-age family member and/or host is willing to assume the legal responsibility for insuring compliance with state law.
13. The possession of kegs, pony kegs, beer bong, or any common source container is prohibited in College-owned residence facilities or at College organization events.
14. Possession of alcohol is prohibited in residence facilities where none of the permanent residents are of legal drinking age.
15. Intoxication is strictly prohibited.

DRUG POLICY

Unauthorized manufacture, sale, distribution and possession of "controlled substances" (illegal drugs), including marijuana, cocaine and LSD, and including prescription drugs, are prohibited by both State and Federal laws and are punishable by severe penalties. The College does not tolerate or condone such conduct. Students who violate State or Federal drug laws may be referred by College authorities for criminal prosecution and, if convicted, may be subject to the penalties described herein. UVA Wise Campus Police has primary responsibility for the enforcement of State and Federal drug laws.

The abuse of alcohol and other drugs by students, regardless of age and of location (on-campus or off-campus), is prohibited by the Student Code of Conduct. The College can, and will, impose disciplinary sanctions for violations. The Faculty Handbook and the Classified & University Staff Employee Handbook address violations for College employees.

The College strongly encourages students and employees to voluntarily obtain assistance for dependency or abuse problems before such behavior results in an arrest and/or disciplinary referral which may result in separation from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Code of Conduct or employee expectations, and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

DRUG-FREE WORKPLACE POLICY

The use of alcohol by employees while on The University of Virginia's College at Wise owned or controlled property, including meal periods and breaks, is absolutely prohibited except when authorized by the College for approved College functions. No employee will report to work while under the influence of alcohol or illegal drugs. Violations of these rules by an employee will be reason for evaluation/treatment for a substance use disorder or for disciplinary action up to and including removal. This policy applies to all employees (full-time, part-time, students, etc.).

INTERCOLLEGIATE ATHLETICS DRUG/ALCOHOL POLICY

The Intercollegiate Athletics Department of UVA Wise has additional written policies which are presented to each student-athlete annually prior to participation. These policies encompass mandatory drug testing, sanctions as a result of positive tests, programs of education relative to drug and alcohol use and abuse, and counseling.

VIRGINIA TOBACCO LAW

Virginia residents under the age of 21 are no longer able to purchase tobacco products. Virginia's new law, in effect July 1 2019, raises the minimum age to buy tobacco, including cigarettes and e-cigarettes, from 18 to 21. See Virginia Code Section § 18.2-371.2 for further information.

SANCTIONS & PENALTIES

STUDENT SANCTIONS - ALCOHOL AND DRUGS

Alcohol

Whether or not criminal charges are brought, all students are subject to College discipline for any violation of State alcohol laws that occurs (i) on College-owned or leased property, or (ii) at College-sponsored or supervised functions, or (iii) under other circumstances involving a direct and substantial connection to the College. Any student found to have engaged in such conduct is subject to the entire range of sanctions, including suspension and expulsion.

Students who are charged through the Student Conduct System for alcohol violations and found responsible will be issued sanctions using the following minimum guidelines:

- **First Offense** - A \$100 fine, 15 hours of mandatory community restitution, and probation for six months.
- **Second Offense** - Minimum \$150 fine, 30 hours of mandatory community restitution, and probation for one year. Students may additionally be required to complete a community-based

alcohol or counseling program, with suspension until written notification of successful completion of the community-based program is received by the Clery Compliance & Student Conduct Administrator.

- **Third Offense** – Suspension or Expulsion

NOTE: Discretion may be used in applying sanctions in cases where violation is of such a nature to warrant additional or more severe actions.

Drugs

Whether or not a criminal charge is brought, a student is also subject to College discipline for illegally manufacturing, distributing, possessing or using any controlled substance (i) on College-owned or leased property or (ii) at College-sponsored or supervised functions or (iii) under other circumstances involving a direct and substantial connection to the College. Any student found to have engaged in such conduct is subject to an entire range of sanctions, including suspension or expulsion.

Students who are charged through the Student Conduct System for drug violations and found responsible will be issued sanctions using the following minimum guidelines:

- **First Offense** - A \$150 fine, 24 hours of mandatory community restitution, and probation for one year.
- **Second Offense** - Suspension or Expulsion

NOTE: Discretion may be used in applying sanctions in cases where violation is of such a nature to warrant additional or more severe actions.

EMPLOYEE SANCTIONS - ALCOHOL AND DRUGS

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by employees on College property, or while conducting business on behalf of the College off campus, is absolutely prohibited.

Violations of this prohibition by employees may result in the application of sanctions, including possible required participation in an approved drug abuse assistance or rehabilitation program, and disciplinary action up to and including termination of employment under applicable State and/or College regulations, University policies, statutes, and employment contracts. The severity of disciplinary action for violations of this policy shall be determined on a case-by-case basis.

FEDERAL AND COMMONWEALTH OF VIRGINIA PENALTIES — ALCOHOL

Federal and Virginia law penalize the unlawful possession, sale, use or distribution of alcohol. Penalties vary based on many factors including specific charges (i.e. whether charges are felonies or misdemeanors). Misdemeanor penalties may include confinement in jail for up to twelve months and/or fines up to \$2,500. Felony penalties may include a term of imprisonment from one to five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than \$2,500, either or both.

FEDERAL AND COMMONWEALTH OF VIRGINIA PENALTIES — DRUGS

Federal and Virginia law penalizes the unlawful manufacturing, distribution, use, and possession of controlled substances, including prescription drugs. Synthetic designer drugs such as “bath salts,” “plant food,” and “carpet cleaner,” contain mixtures of many different chemicals, including those that resemble cocaine, methamphetamine, and MDMA or “ecstasy.” Federal law makes the distribution of “analogue” substances marketed for human consumption illegal if those substances are chemically similar to a scheduled illegal drug and have the same pharmacological effect on a user.

The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to \$10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport or conceal a controlled substance, and the denial of professional licenses or federal benefits, such as student loans. The punishment for the possession and/or distribution of a controlled substance analogue is up to twenty years in prison and a fine of up to \$1 million. Convictions under Virginia law may be misdemeanor or felony crimes with sanctions ranging from probation to life imprisonment and/or fines of up to \$1 million. Virginia law specifically prohibits the sale, gift, distribution, and possession of synthetic cannabinoids, which carry penalties as a Class 6 felony.

Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. A similar Virginia law carries sanctions of between one- and five-years imprisonment and up to a \$100,000 fine for similar violations.

HEALTH RISKS

The negative physical and mental effects of the use of alcohol and other drugs are well-documented. Use of these drugs may cause: blackouts, poisoning and overdose; physical and psychological dependence; damage to vital organs such as the brain, heart and liver; inability to learn and remember information; and psychological problems including depression, psychosis and severe anxiety. Risks associated with specific drugs are described later in this section. Impaired judgment and coordination resulting from the use of drugs associated with acquaintance assault and rape: DUI/DWI arrests; hazing; falls, drowning and other injuries; contracting sexually-transmitted diseases including AIDS; and unwanted or unplanned sexual experiences and pregnancy.

The substance abuse of family members and friends may also be of concern to students and employees. Patterns of risk-taking behavior and dependency not only interfere in the lives of the abuser, but can also have a negative impact on the affected students' academic work, emotional well-being and adjustment to college life.

The substance abuse of family members and friends may also be of concern to students and employees. Patterns of risk-taking behavior and dependency not only interfere in the lives of the abuser, but can also have a negative impact on the affected students' academic work, emotional well-being and adjustment to college life.

This chart outlines the health risks associated with commonly abused substances:

Substance	Nicknames/Slang Terms	Short Term Effects	Long Term Effects
Alcohol		slurred speech, drowsiness, headaches, impaired judgment, decreased perception and coordination, distorted vision and hearing, vomiting, breathing difficulties, unconsciousness, coma, blackouts	toxic psychosis, physical dependence, neurological and liver damage, fetal alcohol syndrome, vitamin B1 deficiency, sexual problems, cancer, physical dependence

Amphetamines	uppers, speed, meth, crack, crystal, ice, pep pills	increased heart rate, increased blood pressure, dry mouth, loss of appetite, restlessness, irritability, anxiety	delusions, hallucinations, heart problems, hypertension, irritability, insomnia, toxic psychosis, physical dependence
Barbiturates and Tranquilizers	barbs, bluebirds, blues, yellow jackets, red devils, roofies, rohypnol, ruffies, tranqs, mickey, flying v's	slurred speech, muscle relaxation, dizziness, decreased motor control	severe withdrawal symptoms, possible convulsions, toxic psychosis, depression, physical dependence
Cocaine	coke, cracks, snow, powder, blow, rock	loss of appetite, increased blood pressure and heart rate, contracted blood vessels, nausea, hyper-stimulation anxiety, paranoia, increased hostility, Increased rate of breathing, muscle spasms and convulsions, dilated pupils, disturbed sleep	depression, weight loss, high blood pressure, seizure, heart attack, stroke, hypertension, hallucinations, psychosis, chronic cough, nasal passage injury, kidney, liver and lung damage
Gamma Hydroxy Butyrate	GHB, liquid B, liquid X, liquid ecstasy, G, georgia homeboy, grievous bodily harm	euphoria, decreased inhibitions, drowsiness, sleep, decreased body temperature, decreased heart rate, decreased blood pressure	memory loss, depression, severe withdrawal symptoms, physical dependence, psychological dependence
Heroin	H, junk, smack, horse, skag	euphoria, flushing of the skin, dry mouth, "heavy" arms and legs, slowed breathing, muscular weakness	constipation, loss of appetite, lethargy, weakening of the immune system, respiratory (breathing) illnesses, muscular weakness, partial paralysis, coma, physical dependence, psychological dependence
Ketamine	K, super K, special K	dream-like states, hallucinations, impaired attention and memory, delirium, impaired motor function, high blood pressure, depression	Urinary tract and bladder problems, abdominal pain, major convulsions, muscle rigidity , increased confusion, increased depression, physical dependence, psychological dependence
LSD	acid, stamps, dots, blotter, A-bombs	dilated pupils, change in body temperature, blood pressure and heart rate, sweating, chills, loss of appetite, decreased sleep, tremors, changes in visual acuity, mood changes	may intensify existing psychosis, panic reactions, can interfere with psychological adjustment and social functioning, insomnia, physical dependence, psychological dependence
MDMA	ecstasy, XTC, adam, X, rolls, pills	impaired judgment, confusion, blurred vision, teeth clenching, depression, anxiety, paranoia, sleep problems, muscle tension	same as LSD, sleeplessness, nausea, confusion, increased blood pressure, sweating , depression, anxiety, memory loss kidney failure, cardiovascular problems, convulsions death, physical dependence, psychological dependence

Marijuana/Cannabis	pot, grass, dope, weed, joint, bud, reefer, doobie, roach	sensory distortion, poor coordination of movement slowed reaction time, panic, anxiety	bronchitis, conjunctivas, lethargy, shortened attention span, suppressed immune system, personality changes, cancer, psychological dependence, physical dependence possible for some
Mescaline	peyote cactus	nausea, vomiting, anxiety, delirium, hallucinations, increased heart rate, blood pressure, and body temperature	lasting physical and mental trauma, intensified existing psychosis, psychological dependence
Morphine/Opiates	China white, M, morf, duramorph, Miss Emma, monkey, roxanol, white stuff	euphoria, increased body temperature, dry mouth, "heavy" feeling in arms and legs	constipation, loss of appetite collapsed veins, heart infections, liver disease, depressed respiration, pneumonia and other pulmonary complications, physical dependence, psychological dependence
PCP	crystal, tea, angel dust, embalming fluid, killer weed, rocket fuel, supergrass, wack, ozone	shallow breathing, flushing, profuse sweating, numbness in arms and legs, decreased muscular coordination, nausea, vomiting, blurred vision, delusions, paranoia, disordered thinking	memory loss, difficulties with speech and thinking, depression, weight loss, psychotic behavior, violent acts, psychosis, physical dependence, psychological dependence
Psilocybin	mushrooms, magic mushrooms, shrooms, caps, psilocybin & psilocyn	nausea, distorted perceptions, nervousness, paranoia	confusion, memory loss, shortened attention span, flashbacks may intensify existing psychosis,
Steroids	roids, juice	increased lean muscle mass, increased strength, acne, oily skin, excess hair growth, high blood pressure	Cholesterol imbalance, anger management problems, masculinization or women, breast enlargement in men, premature fusion of long bones preventing attainment of normal height, atrophy of reproductive organs, impotence, reduced fertility, stroke, hypertension, congestive heart failure, liver damage, psychological dependence

PROGRAMS & RESOURCES

Assistance is available both on-campus and off-campus for students and employees who are dependent on, or who abuse alcohol or other drugs.

Licensed Professional Counselors in the College's Counseling Center are available for treatment considerations (students only) and referrals for outside resources (students and employees). UVA Wise Counseling Center may be contacted at 276-376-1005 or by visiting the Center located on the ground floor of Cantrell Hall.

College employees have access to resources through the Faculty and Employee Assistance Program (FEAP) at (434) 243-2643.

Following are additional resources for substance abuse and dependency available to students and employees, unless noted otherwise. For a comprehensive list of AA and NA groups and meeting times, please visit www.findrecover.com/aa_meeting.

DUE TO COVID-19 PLEASE CONTACT RESOURCES TO DOUBLE CHECK IN PERSON MEETINGS OR REACH OUT TO DEI@UVAWISE.EDU FOR ASSISTANCE.

PREVENTION & EDUCATION

The UVA Wise Office for Diversity, Equity & Inclusion (DEI) coordinates and/or implements individual, group and community initiatives designed to educate the campus community on dangers of irresponsible alcohol use and illegal substances, and to prevent and reduce alcohol and other drug use/abuse. DEI is located on the upper-level of Cantrell Hall, via phone at 276-376-3451.

Some of the offered programs include but are not limited to:

Program	Description
Cavs Before One More (CBOM) campaign	An ongoing campaign initiated in fall 2016 focused on alcohol and/or drug education and awareness.
National Campus Safety Awareness Month (NCSAM)	Campus safety awareness initiative each September which includes alcohol, drug, and other personal safety education and awareness information, game announcements, residence hall and campus community programming, and more.
Gordie Day Events	Gordie Day events in fall and spring semesters with information from the <i>Gordie Center for Substance Abuse Prevention</i> , a resource center located at UVA and accessible to UVA Wise for programming materials; education information shared includes alcoholic content of common drinks, standard drink sizes, binge drinking, and safer drinking tips.
CBOM: Safe Homecoming	A variety of events educating the campus community on the dangers of alcohol use, binge drinking, drinking and driving, alcohol addiction, and other related topics through daily email quick facts, consent PSA release, game announcements, and a community resource collaborative hands-on program with give-a-ways.
CBOM: Safe Halloween	Promoting a safe Halloween with educational information, displays and encouraging participants to sign pledges promoting the role of an active bystander to prevent alcohol overdose and committing to seek help for or from others as necessary
Red Flag Campaign	A bystander intervention strategy to address and prevent sexual assault, dating violence, and stalking on college campuses; 2018 events will include email quick facts, alcohol/sexual assault PSA release, blue light walk, consent education, game announcements, and the One Love Foundation Escalation Workshop.
National Drug & Alcohol Facts Week	Launched in 2010 by scientists at the National Institute on Drug Abuse (NIDA), this weeklong January campaign is focused on counteracting the myths about drugs and alcohol found on the internet, social media, TV, movies, music, or from friends.
CBOM: Safe Spring Break	A variety of events educating the campus community on the health and safety issues that may arise for college students during spring break, such as alcohol abuse and impaired driving, road trip safety, decisions about sexual activity, and health and sun exposure through email quick facts, BACCHUS Network Safe

Spring Break Toolkit/Fatal Vision Goggles/SUM-IT-CUP® Complete activities, and a community resource collaborative hands-on program with give-a-ways.
